Women, Work, and the Economy - International Monetary Fund

Differences between male and female participation rates have narrowed, but remain high in most regions. The average gender participation gap—which is the difference between male and female labor force participation rates—has been declining since 1990, largely due to a

The Effects of Different Types of Music on Cognitive Abilities

The present paper describes two experiments based on the Mozart Effect. Experiment 1 examined whether classical music had any benefits over pop music with regard to intellectual listening capacity. The hypothesis was that the subjects listening to Mozart right before a listening comprehension task would have significantly higher test scores than those in the control group ...

Age and Gender Classification using Convolutional Neural Networks

In this paper we show that by learning representations through the use of deep-convolutional neural networks (CNN), a significant increase in performance can be obtained on these tasks. To this end, we propose a simple convolutional net architecture that can be used even when the amount of learning data is limited. We evaluate our method on the recent Adience benchmark ...

What is Gender? - libcom.org

ences between males and females) and gender (socially produced differences between being feminine and being masculine). Later the book will return to the question of how distinct gender is from sex. However, it is generally agreed that gender differences are to be understood as a central feature of patriarchy, a social system in which men

Among the 142 countries in the report, the United states ranked 65. th. in wage equality ...

Perceptions of gender roles: a case study - CentAUR

Gender stereotypes can be explained as “standardised representations of men and women within a culture, particularly in the mass media, which polarise differences between the sexes, notably in their physical appearance, traits, behaviours, and occupations” (Chandler & Munday, 2016, np). Thus, this paper aims to explore how these perceptions of

Gender and Race: (What) Are They? (What) Do We Want Them To ...

This paper is part of a larger project, the goal of which is to offer accounts of gender and race informed by a feminist epistemology. Here my aim is to sketch some of the central ideas of those accounts. Let me emphasize at the beginning that I do not want to argue that my proposals provide the only acceptable ways to define race or gender; in fact, the epistemological ...
