Faith and Physics Joseph Paul Befumo 2007-04 Can educated people embrace the concepts of spirituality, mysticism, paranormal phenomena, and even magic in light of the overwhelming and undeniable tenets of modern science? As revealed in this book, the answer is a resounding yes . Faith and Physics takes the reader on a step-by-step journey through the often startling world of modern physics, showing how recent scientific evidence not only supports, but in many cases, demands an acceptance of spiritual, mystical, and paranormal principles. If you, like many modern people, have yearned to believe in something beyond the mundane day-to-day physicality of life, but have feared that to do so would be tantamount to intellectual suicide, this book will prove that you need not choose between modern certainty and mystical doctrine, for both are completely consistent.

God's Feminist Movement Amber Picota

2016-07-19 Experience True Liberation by Seeing

Your Beauty, Femininity, and Freedom From

Heavens Point of View Has Christianity kept

women trapped in the stone age? In many ways,

yes; but this is not by Gods design. As society

offers women opportunities to explore outer-space

and govern nations, the church often stifles and

limits them. The tide is changing, though. Amber

Picotas Gods Feminist Movement is a new

covenant manifesto calling women to embrace

their true identity in Christ and fulfill their destiny

as revolutionaries who shape the course of

history with the Kingdom of God. There is a

powerful new feminist movement emerging in the

body of Christ. Its not politically driven and its not

being championed by an uprising of angry man-

haters. Based on an intense study of Scripture,

factoring in historical and contextual hermeneutics

and original languages, Picota shares a practical,

non-legalistic, and non-traditional (yet deeply

Biblical) look at topics that women commonly

face, such as: Dating and Modesty Female

Leaders in the Church Submission in Marriage

Beauty and Self-Image Celebrate the power and

beauty of womanhood. God has given you

permission to change the world by being you!

Break off religious traditions that keep women

trapped in old school legalism and move beyond

Christian clichés that minimize a womans true

position in Christ!

The Power of Faith; exemplified in the life and writings of the late Mrs. I. Graham of New York

When Can I Stop Running? John Podlaski
2016-06-20 John Podlaski's *enclave Vietnam War* novel brings back John ('Polack') Kowalski, the central character in 'Cherries', and introduces us to Louis ('LG') Gladwell, his irrepressible black friend. Polack and LG are a 'Salt and Pepper' team, best buddies and brothers in a way that only those who have fought side-by-side in a war can ever truly understand. The year is 1970, and

the story follows the two soldiers - impressionable Detroit teenagers - during their long night in a Listening Post ('LP'), some 500 meters beyond the bunker line of the new firebase. Their assignment as a "human early warning system", is to listen for enemy activity and forewarn the base of any potential dangers. As they were new to the "Iron Triangle" and its reputation, little did they know that units before them lost dozens of soldiers in this nightly high-risk task and referred to those assigned as "bait for the enemy" and "sacrificial lambs". Sitting in the pitch black tropical jungle - with visibility at less than two feet - John's imagination takes hold throughout the agonizing night, and at times, transports him back to some of his most vivid childhood memories - innocent, but equally terrifying at the time. As kids, we instinctively run as fast as we can to escape imaginary or perceived danger, but as soldiers, men are trained to conquer their fears and develop the confidence to stand their ground and fight. Running is not an option. In 'When Can I Stop Running?' the author juxtaposes his nightmarish hours in the bush with some of his most heart-pounding childhood escapades. Readers will relate to the humorous childish antics with amusement; military veterans will find themselves relating to both of the entertaining and compelling recollections.
