Kiernan Dunne abandoned his family ties to help Kate fight the Cyrists, and he's never regretted that for one moment. But he doesn't understand why Kate can't remember that night in 1893 Chicago, when she turned back to face the killer chasing them through the smoky corridors of the World's Fair Hotel. Kate placed the CHRONOS key around his neck and made his eight year old self promise to wear it always, and that's a promise Kiernan has never broken. When Kate suddenly vanishes after a Cyrst-engineered time shift, that hidden medallion is Kiernan's only hope for finding her. He returns to the Cyrst fold to look for clues, but his search will lead him back to

the question that has haunted him for years--what really happened after he left Kate at the World's Fair Hotel?

On My Own Two Feet Amy Purdy 2014-12-30 Amy Purdy, who inspired a nation on Dancing with the Stars and has been called a hero by Oprah Winfrey, reveals the intimate details of her triumphant comeback from the brink of death to making history as a Paralympic snowboarder. In this poignant and uplifting memoir, Dancing With the Stars sensation Amy Purdy reveals the story of how losing her legs led her to find a spiritual path. When the Las Vegas native was just nineteen, she contracted bacterial meningitis and was given less than a two percent chance of survival. In a near-death experience, she saw three figures who told her: "You can come with us, or you can stay. No matter what happens in your life, it's all going to make sense in the end." In that moment, Amy chose to live. Her glimpse of the afterlife—coupled with a mysterious premonition she'd had a month before—became the defining experiences that put Amy's life on a new trajectory after her legs had to be amputated. She wouldn't just beat meningitis and walk again; she would go on to create a life filled with bold adventures, big dreams, and boundless vitality—and share that spirit with the world. In 2014, Amy—the only competitor, male or female, with two prosthetic legs—claimed a bronze medal for the U.S. Paralympic team in adaptive snowboarding. She then became a contestant on season eighteen of Dancing With the Stars, and viewers were captivated as the girl with bionic legs managed to out-dance her competitors all the way to the finale. Amy's journey is a testament to the resilience of the human spirit and the capacity we all have to dream bigger, defy expectations, and rewrite our stories. Amy was given a second chance for a reason—to use her life to inspire others. Her powerful memoir urges us to live life to the fullest, because we are all a lot more capable than we could ever imagine.

Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
