College Essay Essentials Ethan Sawyer 2016-07-01 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The Curious Incident of the Dog in the Night-time Mark Haddon 2010-01-26 Winner of the Whitbread Book of the Year 'Outstanding...a stunningly good read' Observer 'Mark Haddon's portrayal of an emotionally dissociated mind is a superb achievement... Wise and bleakly funny' Ian McEwan *The Curious Incident of the Dog in the Night-Time* is a murder mystery novel like no other. The detective, and narrator, is Christopher Boone. Christopher is fifteen and has Asperger's Syndrome. He knows a very great deal about maths and very little about human beings. He loves lists, patterns and the truth. He hates the colours yellow and brown and being touched. He has never gone further than the end of the road on his own, but when he finds a neighbour's dog murdered he sets out on a terrifying journey which will turn his whole world upside down. *Soul Surfer* Bethany Hamilton 2012-12-25 They say Bethany Hamilton has saltwater in her veins. How else could one explain the tremendous passion that drives her to surf? How else could one explain that nothing - not even the loss of her arm in a horrific shark attack - could come between her and the waves? That Halloween morning in Kauai, Hawaii Bethany responded to the shark's stealth with a calmness beyond belief. Pushing pain and panic aside, she immediately thought: 'Get to the beach...' Rushed to the hospital, where her father, Ted Hamilton, was about to undergo knee surgery, Bethany found herself taking his spot in the operating theatre. When the first thing Bethany wanted to know after surgery was 'When can I surf again?' it became clear that her unflinching spirit and determination were part of a greater story - a tale of courage and faith that this modest and soft-spoken girl would come to share with the world.

A+ Guide to Narrative Essays Alison Plus 2015-07-07 "Just tell a story," the teacher said. "It will be fun." Yet the student stares at a blank screen, uncertain what to write, and it's far from a fun experience. The narrative essay -- a personal form of storytelling about true experiences -- requires the writer to abandon familiar tools such as topic sentences, thesis statements, and supporting authority. But this doesn't mean the writer should just type words until the pages are filled. Rambling freeform narratives are not what most writing instructors hope to see. There is a better method, and it can be found in this short booklet. This booklet explains everything the writer needs to generate a successful narrative essay in step-by-step fashion. Starting with a story goal, proceeding through a timeline, and finishing with two targeted paragraphs, this booklet will turn a blank screen into a finished paper. Table of Contents How to Use This Booklet What is a narrative essay? Special Note Regarding Use of the Word "Narrative" Assignment Analysis: beginning, middle, end: outline the event on a timeline Thesis: the Goal Beginning: the Setup - Premise/Theme -Characters -Your point of view Middle: Events on a timeline -Action -Dialogue -Description A Special Note About Paragraphing A Special Note About One Exception to the Timeline A Special Note About the Second-to-Last Paragraph End: the Resolution: how you changed/how things changed Proofreading Here's what students have said about this method: "This made it all seem really easy." "I thought I should just write about what happened. If I had done that, I would have left out some important things. Thanks for showing me what was missing!" "Whew! I tried this, and wrote my paper in record time!"

Indian Horse Richard Wagamese 2018-03-31 Saul Indian Horse has hit bottom. His last binge almost killed him, and now he's a reluctant resident in a treatment centre for alcoholics, surrounded by people he's sure will never understand him. But Saul wants peace, and he grudgingly comes to see that he'll find it only through telling his story. With him, readers embark on a journey back through the life he's led as a northern Ojibway, with all its joys and sorrows. With compassion and insight, author Richard Wagamese traces through his fictional characters the decline of a culture and a cultural way. For Saul, taken forcibly from the land and his family when he's sent to residential school, salvation comes for a while through his incredible gifts as a hockey player. But in the harsh realities of 1960s Canada, he battles obdurate racism and the spirit-destroying effects of cultural alienation and displacement. Indian Horse unfolds against the bleak loveliness of northern Ontario, all rock, marsh, bog and cedar. Wagamese writes with a spare beauty, penetrating the heart of a remarkable Ojibway man.

A Life Interrupted: Essays in honour of the lives and legacies of Christof Heyns Frans Viljoen 2022-01-10 About the publication This volume of essays, *A Life Interrupted: essays in honour of the lives and legacies of Christof Heyns*, honours Christof Heyns, renowned human rights lawyer, advocate, activist and educator, but also down-to-earth family man, friend and colleague. Christof's sudden and most untimely passing on 28 March 2021 deeply saddened those close to him but also evinced an outpouring of grief from the national and international human rights community. His passing brought a deep sense of loss, in part because, at age 62, he was fully engaged in contributing to the betterment of society and still had so much more to give. His is a life interrupted. But at the same time, looking back over the varied lives he lived, he had already left his mark in so many ways. His influences and impacts are manifold and magical. This collection not only testifies to the legacy that he has left us, but also to the ongoing efforts of many to continue building on his legacy. This collection contains two sets of essays by family members, friends, colleagues, collaborators and students. Part A contains essays of a more reflective and personal nature, while the contributions in Part B link to the scholarly or academic themes Christof had worked on and explored, including international human rights systems, international law, the right to life, freedom of association, international humanitarian law, the impact of human rights treaties, constitutionalism and legal philosophy. However, a neat distinction between the personal and professional is not possible in respect of such a warm, generous and enthusiastic person as Christof. Most of the essays in Part A integrate some of Christof's professional and academic achievements,

while many of the essays in Part B also reflect on Christof as a person. The editors, all based at the Faculty of Law, UP, are colleagues and friends who worked closely with Christof. Frans Viljoen succeeded Christof as Director of the Centre for Human Rights. Christof was his doctoral supervisor, mentor and research collaborator. Charles Fombad worked with Christof at ICLA, and took over as ICLA Director after Christof's passing. Dire Tladi, an ICLA fellow, had his office just across from Christof in ICLA. As member of the International Law Commission, he shared with Christof high level engagement with the UN. While Christof served on the Human Rights Committee, his colleague Ann Skelton serves on the Committee on the Rights of the Child. Magnus Killander worked closely with Christof as co-author and co-editor. Christof was also his doctoral supervisor. The publication date of this book is 10 January 2022, which is the date marking 63 years since Christof's birth. The publisher is the Pretoria University Law Press (PULP), of which Christof was also a founder.

The Jungle Upton Sinclair 2010-08-19 A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

The Keeper Tim Howard 2014-12-09 "I believe that we will win." In the summer of 2014, Tim Howard became an overnight sensation after more than ten years as one of America's leading professional soccer players. His record-breaking 15 saves for the United States national team against Belgium in the World Cup electrified a nation that had only recently woken up to the Beautiful Game after decades of hibernation. An estimated TV audience of 21 million viewers in the U.S.—larger than those of the NBA and NHL finals—watched Howard's heroic performance against the heavily favored Belgians in which he repelled shots with his hands, feet, legs, knees, and even his signature long beard. Suddenly an athlete who had toiled in relative anonymity for much of his career became the star of his own Internet meme ("Things Tim Howard Could Save": from Janet Jackson's "wardrobe malfunction" to the Titanic), and fielded personal calls from the likes of President Barack Obama ("You guys did us proud. . . . I don't know how you are going to survive the mobs when you come back home, man. You'll have to shave your beard so they don't know who you are"). In this inspiring and candid memoir, the beloved U.S. and Everton goalkeeper finally allows himself to do something that he would never do on the field: he drops his guard. Howard opens up for the first time about how a hyperactive kid from New Jersey with Tourette Syndrome defied the odds to become one of the greatest American keepers in history. He recalls his childhood, being raised by a single mother who instilled in him a love of all sports—he was also a standout high school basketball player—and a devout faith that helped him cope with a disorder that manifested itself with speech and facial tics, compulsive behavior, and extreme sensitivity to light, noise, and touch. The Keeper is also a chronicle of the personal sacrifices he's made for his career, including the ultimate dissolution of Howard's marriage—a casualty of what he calls his "addiction to winning"—and its most painful consequence: his separation from his two children. A treat for soccer fans, *The Keeper* will even captivate readers who are unfamiliar with the sport but want to know what makes a world-class athlete different from the rest of us—and where that difference gives way to common ground.

ESSAY: The Creativity Debate: Talent or Practice - What Matters More? William Van Zyl 2018-06-01 Every day millions upon millions of children and students attend schools and educational centres all over the world. They go to school with expectations to learn something new, to get a new experience and most of all to express and celebrate their uniqueness. Do their teachers think about their creativity? On the creativity continuum, there are two extremes "he or she is born creative, gifted and talented" on the one end, and on the other end is "he or she has been exposed and trained by very smart parents and teachers". Read about one of the theories - the "systems approach" - which originated from Positive Psychology and according to Csikszentmihalyi (1999a). The 'flow' state is an optimal state of intrinsic motivation. This essay considers and discusses the creativity debate. The author considers creativity (education) in a New Zealand context. He continues to consider his practice as a Design and Visual Communication teacher. APA referencing included

The Obstacle Is the Way Ryan Holiday 2014-05-01 #1 Wall Street Journal Bestseller The Obstacle is the Way has become a cult classic, beloved by men and women around the world who apply its wisdom to become more successful at whatever they do. Its many fans include a former governor and movie star (Arnold Schwarzenegger), a hip hop icon (LL Cool J), an Irish tennis pro (James McGee), an NBC sportscaster (Michele Tafoya), and the coaches and players of winning teams like the New England Patriots, Seattle Seahawks, Chicago Cubs, and University of Texas men's basketball team. The book draws its inspiration from stoicism, the ancient Greek philosophy of enduring pain or adversity with perseverance and resilience. Stoics focus on the things they can control, let go of everything else, and turn every new obstacle into an opportunity to get better, stronger, tougher. As Marcus Aurelius put it nearly 2000 years ago: "The impediment to action advances action. What stands in the way becomes the way." Ryan Holiday shows us how some of the most successful people in history—from John D. Rockefeller to Amelia Earhart to Ulysses S. Grant to Steve Jobs—have applied stoicism to overcome difficult or even impossible situations. Their embrace of these principles ultimately mattered more than their natural intelligence, talents, or luck. If you're feeling frustrated, demoralized, or stuck in a rut, this book can help you turn your problems into your biggest advantages. And along the way it will inspire you with dozens of true stories of the greats from every age and era.

Bright Epoch Andrea G. Radke-Moss 2008-01-01 With the passage of the Morrill Act in 1862, many states in the Midwest and the West chartered land-grant colleges following the Civil War. Because of both progressive ideologies and economic necessity, these institutions admitted women from their inception and were among the first public institutions to practice coeducation. Although female students did not feel completely accepted by their male peers and professors in the land-grant environment, many of them nonetheless successfully negotiated greater gender inclusion for themselves and their peers. In *Bright Epoch*, Andrea G. Radke-Moss tells the story of female students' early mixed-gender encounters at four institutions: Iowa Agricultural College, the University of Nebraska, Oregon Agricultural College, and Utah State Agricultural College. Although land-grant institutions have been most commonly associated with domestic science courses for women, *Bright Epoch* illuminates the diversity of other courses of study available to female students, including the sciences, literature, journalism, business commerce, and law. In a culture where the forces of gender separation constantly battled gender inclusion, women found new opportunities for success and achievement through activities such as literary societies, athletics, military regiments, and women's rights and suffrage activism. Through these venues, women students challenged nineteenth-century gender limitations and created broader definitions of female inclusion and participation in the land-grant environment and in the larger American society.

Everyone Can Write Peter Elbow 2000-01-27 With *Writing without Teachers* (OUP 1975) and *Writing with Power* (OUP 1995) Peter Elbow revolutionized the teaching of writing. His process method--and its now commonplace "free writing" techniques--liberated generations of students and teachers from the emphasis on formal principles of grammar that had dominated composition pedagogy. This new collection of essays brings together the best of Elbow's writing since the publication of *Embracing Contraries* in 1987. The volume includes sections on voice, the experience of writing, teaching, and evaluation. Implicit throughout is Elbow's commitment to humanizing the profession, and his continued emphasis on the importance of binary thinking and nonadversarial argument. The result is a compendium of a master teacher's thought on the relation between good pedagogy and good writing; it is sure to be of interest to all professional teachers of writing, and will be a valuable book for use in composition courses at all levels.
