**Demon Familiar** Jory Strong 2014-04 Pulled from the void by a binding spell, demon essence becomes mortal-familiar, and Ianthe forms, yielding to her preference for the female shape. She longs to live a human life, to love as a human, and while she's escaped the dark realm and the lord she called master, she can't escape her nature. Incubus, succubus, Ianthe is able to shift between male and female forms, though both aspects need to be fed. She could have any man, but it's homicide detective Miguel Torres she wants, the man who unknowingly summoned and bound her. Their attraction is intense, immediate, and Miguel believes he'll never want another-until he meets Ian, Ianthe's mysterious twin. Attempting to withstand needs and urges denied since childhood, Miguel buries himself in Ianthe's lush body as he battles his attraction to Ian. Then drowns in shame when he succumbs to it-only to have the murder of a gay teen force him to revisit the past...before he loses his future.

**The Polyglots** William Gerhardie 2008-08-21 'William Gerhardie is one of our immortals. He is our Gogol's overcoat. We all came out of him.' Olivia Manning 'He is a comic writer of genius ... but his art is profoundly serious.' C.P. Snow first published in 1925, this is perhaps the most acclaimed of William Gerhardie's novels and was celebrated by Anthony Powell as 'a classic'. Like his first novel, Futility, The Polyglots draws largely on personal experience. It is the story of an eccentric Belgian family living in the Far East in the uncertain years after World War I and the Russian Revolution. The tale is recounted by their dryly conceited young English relative, Captain Georges Hamlet Alexander Diabologh, who comes to stay with them during a military mission. Teeming with bizarre characters - depressives, obsessives, paranoiacs, hypochondriacs, and sex maniacs - Gerhardie paints a brilliantly absurd world where the comic and the tragic are profoundly and irrevocably entwined.

**Steve Turner 2009-08** Cliff Richard has been Britain's longest surviving and most consistent hit music maker. The stories reveal Cliff as seen by those closest to him and, in contrast to the many official publications, this book does not just include the flattering stories. The author's probing questions have elicited extraordinary memories and observations, previously unheard by the public. Heavily illustrated with rare and interesting photographs of Cliff at work and play, this unique oral history will stand as a lasting testament to one of the most glorious careers in British show business. **The Ultimate Weapon** Matthew K. **Prince2 Foundation Training Manual** Van Haren Publishing 2017-01-15 Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation Syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation Syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
